Notices and Messages: Important School notices and schedules, including changes, are posted on the School's bulletin boards. It is the responsibility of each student/parent to check the boards before and after each class. Please consult the school's bulletin board for school closing during the holidays.

If you are a continuing BBT student and have not had a gap in your studies with us (i.e., if you attended BBT classes throughout the most recent academic year and summer without a break), you are NOT required to pay the annual registration fee although you must still submit a new, updated application 2 times per year (School Year Application & Summer Program Application).
